

FRANCESCO BLASI, M.D.

Professor of Respiratory Medicine,
Department Pathophysiology and Transplantation, University of Milan-Italy

Born in Milan, 18.11.1959

1984 MD degree University of Milan Italy

Specialty Certification

1987 Diplomate-Cardiology : University of Milan-Italy

1991 Ph.D. Respiratory Diseases: University of Milan-Italy

1997 Diplomate-Respiratory Dis : University of Milan-Italy

University appointments

JUNE 1991-MAY 1992 Ricercatore universitario (Assistant Professor)

Institute of Internal Medicine, University of Milan-Italy

JUNE 1992-2000 Ricercatore universitario (Assistant Professor)

Institute of Respiratory Diseases, University of Milan-Italy

MARCH 2001 Professore Associato (Associate Professor)

Institute of Respiratory Diseases, University of Milan-Italy

DECEMBER 2002 Professore Ordinario (full Professor) Respiratory Medicine,

Institute of Respiratory Diseases, University of Milan-Italy

JANUARY 2009 Professore Ordinario (full Professor) Respiratory Medicine,

Cardiothoracic Department, University of Milan-Italy

JANUARY 2012 Professore Ordinario (full Professor) Respiratory Medicine,

Department Pathophysiology and Transplantation, University of Milan-Italy

-Head Department Pathophysiology and Transplantation, University of Milan, Italy

-Head of Cardio-thoracic Unit, Dept of Transplantation Units, Fondazione Ospedale Maggiore Policlinico Ca' Granda, Milan Italy

-Director of the School of Specialty in Respiratory Diseases University of Milan Italy 2005-2009 and 2013-16

- President European Respiratory Society 2012-13

-Head of Respiratory Infection Assembly, European Respiratory Society (member of the Executive Committee) 2005-2008

-Member of the ERS task force on Guidelines for LRTIs management 2003-2010

-Member of the Executive Committee of the Italian Respiratory Society (SIMeR) 2000-2010

-President elect of the Italian Respiratory Society (SIMeR) 2014

Teaching Certificate Award for educational presentations European School of Respiratory Medicine (European Respiratory Society) 1996 – 1997 – 1999 – 2000 – 2001 – 2002 – 2003 – 2004 – 2005 – 2006-2007-2008-2009-2010-2011

Editorial Boards

1. -Medicina Toracica (Associate Editor)
2. -Pulmonary Pharmacology and Therapeutics (Associate Editor)
3. -Respiratory Research (Associate Editor)
4. -Clinical Respiratory Journal (Associate Editor)
5. -Therapeutic Advances in Respiratory Disease (Associate Editor)

Research Support.

Completed Research Support

Ospedale Maggiore Milano Grant 260-01-2000 and Italian Multiple sclerosis patient association 01/2001-12/2002 Chlamydia pneumoniae infection in Italian multiple sclerosis patients
This study addressed the possible role of C.pneumoniae infection in the pathogenesis of multiple sclerosis Role: Co investigator

Ospedale Maggiore Milano GRANT 260-02-2001 and Abbott unrestricted grant 05/2002-07/2003 Atypicals involvement in upper respiratory tract infection in children
This was the first study on a large sample of children showing the importance of the role of these pathogens in upper RTIs
Role: Co-investigator

Ospedale Maggiore Milano GRANT 260-01-2002 University of Milan Grant FIRST 2002 02/2003-11/2003
Proteomic analysis of exhaled breath condensate from healthy smokers
The study showed the presence of Keratin in exhaled breath condensate of smokers, a possible marker of metaplasia
Role: PI

Istituto Superiore di Sanità Roma and Ospedale Maggiore Milano GRANT 260-01-2003 08/2004-12/2004
New assays for the diagnosis of SARS
Two new serologic assays were published
Role: Coinvestigator

Pfizer unrestricted grant and Ospedale Maggiore 260-02-2003 01/2003-02/2004
Role of atypical pathogens in recurrent respiratory infections in children
Randomized prospective study on the role of azithromycin in preventing recurrences of RTIs
Role : Co-investigator

Pfizer unrestricted grant and Ospedale Maggiore 260-01-2004
Azithromycin in the prophylaxis of respiratory recurrences in patients with tracheostoma
Role: PI

Ospedale Maggiore Milano grant 260-02-2004
Proteomic analysis of exhaled breath condensate in Cystic fibrosis children
Role: PI

University of Milan Grant FIRST 2004 and Ospedale Maggiore Milano grant 260-01-2005
Role of inflammatory cytokines analysis in exhaled breath condensate in the evaluation of early diagnosis of rejection in pulmonary transplantation
Role : PI

University of Milan Grant FIRST 2004
Role of infections in pulmonary hypertension
Role: Co-Investigator

PRIN 2005 *Bronchiectasie nel paziente con BPCO: prevalenza e colonizzazione batterica. prot.*

2005067041

Role: PI

Ongoing Research Support

SIXTH FRAMEWORK PROGRAMME PRIORITY [LSH-2004-2.1.2] NETWORK OF EXCELLENCE

Project acronym: GRACE

Project full title: Genomics to combat Resistance against Antibiotics in Community-acquired LRTI in Europe

Contract no.: PL518226

Role: Co-chair WP12 Educational workpackage and Co-investigator WP 8,9,10

SIXTH FRAMEWORK PROGRAMME PRIORITY

Project acronym: CHAMP

Project full title: Changing behaviour of Health care professionals And the general public towards a More Prudent use of anti-microbial agents

Role: Partner

Fondazione Cà Granda IRCCS Ospedale Maggiore Policlinico 2010-2012 Project 260-325-140 Management of Lung Transplantation: from animal model to human lung regeneration

Role: Coordinator

Prof Blasi serve(d)s as PI or national coordinator of several trials funded by pharmaceutical industries mainly in COPD, Asthma and pneumonia.

I hereby declare that I have experience in performing clinical trials according to GCP.

Autorizzo il trattamento dei dati personali secondo il DL 196/2003
