

Postgraduate Certificate in Tuberculosis

The programme will provide a comprehensive overview of Tuberculosis with an emphasis on prevention, diagnosis, and management of drug-susceptible Tuberculosis. The programme has been developed for doctors with an interest in Tuberculosis; It is also aimed at nurses, public health workers, and practitioners with experience in Tuberculosis.

As this programme, delivered and accredited by Queen Mary University of London, is delivered via distance learning, it allows students to study at their own pace and in their own time. It will provide an excellent structured learning platform for trainees and specialists to develop their skills in this area.

26 & 27 June, London, UK
International Tuberculosis Symposium

1st International Blizard/Queen Mary tuberculosis symposium

Wednesday 26 – Thursday 27 June, 9am-5pm

Organised by the Blizard Institute in collaboration with the WHO Collaborating Centre in Tradate, Italy, this course will host a number of national and international speakers in the fields of tuberculosis, infectious disease, HIV and paediatrics. This intensive and authoritative [agenda](#) will offer more than an update to participants on the clinical management of TB cases, evaluating new diagnostic/molecular techniques available for TB and providing an understanding of TB epidemiology and elimination. The symposium will also launch our [world-first PGCert in Tuberculosis](#). The programme will be of special interest to doctors including consultants, specialist trainees in respiratory medicine, paediatrics, public health specialists, TB nurse leads and nurses, pharmacists, as well as other allied health professionals working in the field of tuberculosis. The programme is interactive, with case presentations and opportunities to discuss and collaborate with our international colleagues and partners, and our future TB course leadership team. [A full list of confirmed speakers is available here](#). Book to attend one day or both days with discounted rates available for non-consultants/GPs/senior academics. CPD points approved. Please pass on to interested colleagues. For more information, please contact: pg-tuberculosis@qmul.ac.uk.
